### WHAT WE PROVIDE

- 1 x Infinity Wick 3-LED 6"x 6" Pillar Candle
- 3 x AA Batteries
- 6 Button Remote Control (1 x CR2025 Battery Inside)

### BATTERY INSTALLATION

The candle works with 3 x AA batteries. The battery compartment is located on the bottom of the candle. To install new batteries, remove the panel on the bottom. Batteries should be inserted with the correct polarity as indicated (+/-) and secure battery compartment before use.

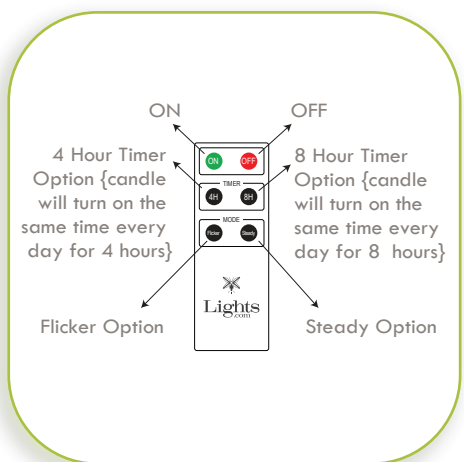

## INSTRUCTIONS

# 2

### ON/OFF SWITCH

The ON/OFF switch is located on the bottom of the candle, next to the battery compartment. Utilize this switch to operate the candle.

# 3

### REMOTE FUNCTIONS

The candle switch must be turned to "ON" in order for the remote control to function.

# 4

### CHANGING THE REMOTE BATTERY

This remote works with a CR2025 battery. To change the battery squeeze in the tab at the bottom of the remote, and pull out the battery slot completely. Battery should be inserted with the correct polarity as indicated (+/-) and battery compartment secured before use.

 <b>WARNING</b>	
<ul style="list-style-type: none"><li>• <b>INGESTION HAZARD:</b> This product contains a CR2025, 3 Volt Cell Battery.</li><li>• <b>DEATH</b> or serious injury can occur if ingested.</li><li>• A swallowed button cell or coin battery can cause <b>Internal Chemical Burns</b> in as little as <b>2 Hours</b>.</li><li>• Keep new and used batteries <b>OUT OF REACH OF CHILDREN</b>.</li><li>• <b>Seek immediate medical attention</b> if a battery is suspected to be swallowed or inserted inside any part of the body.</li></ul>	

### IMPORTANT BATTERY SAFETY INFORMATION

Remove and immediately recycle or dispose of used batteries according to local regulations and keep away from children. Even used batteries may cause severe injury or death. Do NOT dispose of batteries in the household trash or incinerate. Call a local poison control center for treatment information. This product is compatible with a CR2025 battery type with a nominal battery voltage of 3.

Non-rechargeable batteries are not to be recharged. Do not force discharge, recharge, disassemble, heat above 60 C/140 F, or incinerate. Doing so may result in injury due to venting, leakage, or explosion resulting in chemical burns. Ensure the batteries are installed correctly according to polarity (+ and -). Do not mix old and new batteries, different brands of types of batteries, such as alkaline, carbon-zinc, or rechargeable batteries. Remove and immediately recycle or dispose of batteries from equipment not used for an extended period of time according to local regulations.

Always completely secure the battery compartment. If the battery compartment does not close securely, stop using the product, remove the batteries, and keep them away from children.
