

# INSTALLATION INSTRUCTIONS

## IMPORTANT

Before installing your Lights.com fixture, please make sure that you carefully read through these instruction sheets. Consider having your fixture installed by a qualified licensed electrician.

**NOTE:** The important safeguards and instructions that appear in this manual are not meant to cover all possible conditions and situations that may occur. It must be understood that common sense, caution and care, are factors that can't be built into any product. This approach must be used by the person(s) caring for and operating the fixture.

## APPLICATION

Outdoor Post Light

## MODEL NO.

LC005286

## GENERAL INFORMATION

All electrical connections must be made in accordance with all ordinances, and Local and National Electrical Codes.

## STEP BY STEP INSTRUCTIONS

Before starting your installation, disconnect the power by turning off the circuit breaker or by removing the fuse at the fuse box. Just turning the light off at the light switch is not sufficient to prevent electrical shock.
