HOW TO INSTALL

Important Notice: Please screw the center stem onto the fixture and then lift the fixture out of the Styrofoam by holding the center stem. Do not hold any arms to pull the fixture out.

1. Slip the center rod assembly along wire and thread onto the nipple located on the top of the light cluster.
2. Determine the preferred hanging height and adjust to the chain required.
3. Install the fixture onto outlet box.
4. install the glass shade and spacer over the socket, and secure with the socket ring by wrench.
5. Install the bulb (not included) into the socket.
