

ASSEMBLY INSTRUCTION
GRANT LARGE PENDANT 20"
MODEL NO. LC005677

All electrical components must be installed by a licensed electrician in accordance with the National Electric Code and the appropriate local electrical codes.

You will need 1-Medium Base Bulb
40 Watts Recommended 60 Watts Max.
USE LED BULBS FOR EXTENDED USE
This fixture is Damp Rated

HOW TO INSTALL

1. Decide the preferred hanging height and choose the correct length of rod needed.
2. Feed the wire through the stems and connect the stems together.
3. Screw one end of the stem assembly onto the top of the frame. Slip the canopy over the stem assembly and screw the ball swivel into it.
4. Install the mounting plate onto the outlet box.
5. Raise the fixture up onto the ceiling and do the wire connection. Secure the canopy with the canopy screw. Make sure the slots on the ball swivel align with the nipple on the canopy before tightening the canopy using a screw.
6. Install the bulb onto the socket.
