

WARNING/CAUTION

- DISCONNECT POWER BEFORE RE-LAMPING OR WIRING THE FIXTURE. READ ALL INSTRUCTIONS COMPLETELY BEFORE STARTING INSTALLATION.
- TO AVOID THE RISK OF FIRE OR SHOCK, FIXTURE MUST BE INSTALLED IN COMPLIANCE WITH ALL APPLICABLE NATIONAL AND LOCAL ELECTRICAL/BUILDING CODES. THE INSTALLATION AND MAINTENANCE OF THIS UNIT SHOULD BE COMPLETED BY A LICENSED ELECTRICIAN OR CERTIFIED FACTORY TRAINED TECHNICIAN.
- CALIFORNIA PROP 65: THIS LIGHTING FIXTURE CONTAINS CHEMICALS KNOWN TO THE STATE OF CALIFORNIA TO CAUSE CANCER, BIRTH DEFECTS, AND/OR OTHER REPRODUCTIVE HARM. WASH HANDS AFTER USE.
- UNPACK FIXTURE, PARTS AND PARTS BAG(S) BEFORE DISCARDING THE CARTON. MAKE CERTAIN THAT ALL PARTS ARE FOUND. INSPECT THE FIXTURE PRIOR TO INSTALLATION FOR ANY DAMAGE. FIXTURE MAY NOT BE RETURNED ONCE IT HAS BEEN INSTALLED. SEE WARRANTY FOR EXCEPTIONS.
- PLEASE CLEAN WITH A SOFT, DRY CLOTH ONLY! DO NOT USE CLEANSERS.

FIXTURE INSTALLATION

1. Thread the 2 mounting screws into the mounting bar. (The green screw is in the front). Attach the mounting bar to the outlet box. Then thread the nipple into the crossbar and the hex nut onto the nipple.
2. Remove the threaded ring from the screw collar loop. Fully thread the screw collar loop onto the nipple. Place the canopy over the screw collar loop and against the ceiling. Adjust the nipple so that 1/4" of threads on the screw collar loop extend beyond the canopy. Then remove the canopy and tighten the hex nut against the crossbar.
3. Open end links of chain and attach the chain to the screw collar loop. Close the top link of chain. Hang the fixture on the chain at the desired height. Remove excess chain. Close the bottom link of chain on fixture loop ring.
4. Unscrew the ring from the screw collar loop. Let the ring and canopy slide down the chain to the top of the fixture. Thread the lead wires and ground wire (first) through chain, ring and then the canopy.
5. When the ceiling is reached, measure 6" beyond the chain and cut off the excess wire. Separate the leads and strip of approx. 1/2" of insulation from each lead. Twist the strands of wire together. Push the leads and ground wire up through the screw collar loop and nipple and into the outlet box.
6. Fasten the ground wire to the green or bare copper wire in the outlet box or to the green screw on the crossbar.
7. Fasten the white fixture lead wire to the white wire in the outlet box. Fasten the wires together with an approved fastener (wire nut). Starting about 1' below the fastener, tightly wrap the connection with electrical tape so that the connection seals the end of the fastener.
8. Connect the black fixture lead wire to the black wire in the outlet box. Fasten the joined wires as in step 7.
9. Slide the canopy and screw collar ring up the chain and secure the canopy to the ceiling, then install the fixture and chain and hook together.
10. Install the lamps (light bulbs). NOTE: This fixture is rated for Max 60 watt type A lamp.
11. Install the glass into frame with ball screw.
12. Restore power to circuit at breaker or fuse box.
